

Life

| | |
|----------|-----------------|
| Year | 1975 – 2020 |
| Designer | Roberto Monsani |

In envisioning new styles of living, Roberto Monsani imagined solutions to reshape the home, and the Life sofa — so avant-garde it was never produced in series in Monsani's day — retains its modern edge. Maintaining its modular and flexible design, today the sofa's original lucite frame has been elongated and updated with versions in dark stained walnut and black ash for contemporary living ideals. Designed to invite casual lounging, the supremely comfortable down cushions are now rendered ever more inviting in velvet, with softened shapes for absolute ease.

Dimensions

Finishes

The following elements are available: seat module, pouf S and pouf M.

Structure: curved, brushed open grain birch plywood veneered in black ash and dark stained walnut finish, with a system of hidden connection hooks.

Backrest and seat cushions: polyurethane foam with feather filling, with removable fabric coverings. Possibility of purchasing additional cover upholstery.
